BRIEF HISTORY OF THE FIRM

Starting as a small venture, the firm styled as SUBHASH & SONS have now matured in carrying out full fledged Fire-Fighting & Protection Systems, fire Detection System, Treatment Plant (Waste & Water), Plumbing Work and Infrastructure Development Works(water supply, drainage and sewage) .

The firm was first registered in 1972 with HARYANA PUBLIC HEALTH DEPARTMENT Gurugram as an 'A' Class contractor. It was only because of the sincere efforts of our founder chairman, Late Shri Subhash Chandra Verma that we have reached the pinnacle. He was a man of strong belief and conviction and worked tirelessly, his relentless efforts of more than 45 years of guidance and ideology helped us in creating a niche for ourselves in this industry. A lot of government and NCR prestigious contracts have been commissioned and successfully handed over under his expert guidance.

In the year 1989 the Company shifted its interests to Non-Government organisations during this period Shri Vivek Verma and Shri Vineet Verma also joined the company infusing new energy and Vigor.

The Company has a strong team of experienced and dedicated loyal engineers supported by supervisory staff. Some of the staff is with the Company for the last more than 30 years.

We are particularly proud of our long association with prestigious companies like DLF universal Ltd. for whom we have carried out Civil, Plumbing and Fire Protection work, in Gurgaon and Delhi to their complete satisfaction and have bagged repeated orders from them from the year 1988-2001.

We have our Head office in Gurugram (Haryana) itself in our own multi-storied commercial complex at BASAI ROAD, better known as SHIVA COMPLEX and Branch offices in Delhi, Punjab and Uttar pardesh.

With the grace of God and our sincere staff dedication the Co. M/s SUBHASH & SONS have been a trustworthy Organization in the field of Fire Protection Work, Fire Detection, Plumbing, Infrastructure Development works and other allied works.
